Dear Ann,

I can't thank you enough for your fabulous presentation, *Elder Care Update*, on March 30. You are a terrific speaker, thoroughly engaging, yet precise and able to communicate complex information clearly and convincingly. The audience was clearly kept interested, and many commented on what a great presentation it was.

I would welcome your return to speak again at the Library. When you have a new presentation to share, please be sure to get in touch.

Thanks again!

Sincerely,

Beth Saltalamacchio
